At the Open Day at the Maize Institute – Knezha, which will be held on 07.08.2026, 30 Bulgarian maize hybrids created by the institute's scientists await you.

In addition to learning in detail about Bulgarian maize breeding, at the event you will have the opportunity to meet and talk with specialists and scientists, exchange experience, receive valuable advice and answers to questions that are important for your farm.

The team of the Maize Institute – Knezha has also prepared an interesting program focused on the future of sustainable and efficient agriculture. You will be able to see presentations on the topic:

"Biotechnologies for Sustainable Agriculture", with speakers Lyudmil Stoyanov and Assoc. Prof. Dr. Miroslava Cherbadzhi from Romb Ltd. and

"The Four Pillars of Yield: Variety Genetics, Soil Nutrient Balance, Soil Microbiome and Plant Immunity", with speaker Ivelin Zhelyazkov from NITTSZ "Plantis" Ltd.
