Demo Day at the Center for Plant Systems Biology and Biotechnology (CPSBB) – Plovdiv

Център по растителна системна биология и биотехнология (ЦРСББ) , Пловдив

Date 07.09.2026 | **Issue** 9/2026 | **ISSN** 2815-522X | **Language** EN
www.plant-protection.com/article/2463?lang=en

On September 10, the Center for Plant Systems Biology and Biotechnology in Plovdiv will once again open the doors of its laboratories and specialized facilities, equipped with high-tech apparatus designed for scientific research.

Researchers will present real results and projects and how science and technology come together to create workable solutions for agriculture.

Visitors will be able to get acquainted with the automated irrigation, fertilization and climate control system, created by ONDO Solutions, and implemented in the demo point “Science” of AgroHub.BG at CPSBB. They will also learn how „the smart greenhouse” operates according to set parameters and programs, what and how is controlled in it and whether it can be managed via phone.

See the detailed program of the event **HERE**

Where: Center for Plant Systems Biology and Biotechnology (CPSBB), 14 „Sveti Knyaz Boris I - Pokrastitel“ St., Trakiya, Plovdiv 4023

When: September 10, 2026, 09:30 – 16:30

Free admission!
